WEST VIRGINIA IMPACT STORY

In 2018, First Book first partnered with Read Aloud West Virginia, a literacy non-profit dedicated to motivating children to read. This partnership has helped Read Aloud WV build their Reading is Healthcare initiative, distributed books strategically through partnerships with hospitals, clinics, and other healthcare facilities, helped schools and facilities start their own libraries, and supported literacy in low-income communities. When the Covid-19 pandemic struck, First Book and Read Aloud WV partnered together to send books to over 870 families, ensuring that students would have high-quality books in their homes and ultimately encouraging and supporting their literacy development.
